Chris (Team Delta): Anyone facing issues with the new microservice deployment?

Emma (Team Delta): Yes, intermittent timeouts on the auth service.

Chris: Checking logs now.

Sam (Team Delta): Monitoring shows CPU spikes; might be a scaling issue.

Emma: Possibly a load balancer misconfiguration?

Chris: Coordinating with DevOps to check.

Sam: Let's set up a call in 30 minutes.

Emma: Please include Ryan from DevOps.
